On March 14, 2005, Applicant's Attorney learned in a routine review in Patent Application Information Retrieval (PAIR) system that a Notice to File Missing Parts of Nonprovisional Application was issued by the United States Patent and Trademark Office in the above-identified application on June 14, 2004. However, the Notice to File Missing Parts was never received by our office. Our office has since printed a copy of this Notice from PAIR. It is respectfully submitted that Applicant never received the Notice to File Missing Parts, apparently dated **June 14, 2004**, for the above-identified application due to circumstances beyond Applicant's control. A Notice of Abandonment, a copy of which is enclosed, was issued on March 15, 2005. Accordingly, Applicant respectfully petitions the Commissioner to withdraw any holding of abandonment that may have been issued in connection with the application.

The present Petition includes the following facts and documentation: (a) a summary of the procedures and controls used by the Firm when correspondence is received by the Firm from the Patent & Trademark Office; and (b) a summary of how these procedures and controls were followed in the above-identified application. Also enclosed is a copy of a docket (Appendices A and B) of the Firm, which spans the relevant time period when Notice to File Missing Parts dated June 14, 2004, if received, would have been docketed by the Firm (e.g., within two months following the date of the Notice to File Missing Parts).

On a daily basis, all mail from the U.S. Patent and Trademark Office delivered to the Firm is directed to a central docket clerk who opens and date stamps each document. The chief Docket Administrator or Docket Administrator Assistant then reviews each correspondence from the Patent and Trademark Office (hereafter referred to as an "Office Action") to determine the appropriate due date for responding to the Office Action. The due date for responding to the Office Action is then noted on the cover sheet of the Action, including not only the initial due date, but also each possible extension date until the end of the statutory period, if applicable.

After noting the due date(s) for responding to the Office Action on the front of the Action itself, the Docket Administrator obtains the file for the patent application in

THIS PAGE BLANK (USPTO)

which the Office Action has been received and also notes the due date(s) for responding to the Action on the cover of the file itself. The file, with the Office Action attached to the front, is then delivered to the appropriate attorney(s) responsible for handling the case and responding to the Office Action.

In addition to the above, the Docket Administrator enters the due date(s) for responding to all Office Actions received from the Patent & Trademark Office in a *computerized docketing system* which utilizes a licensed computer program called PC Master®. All due dates (including any available extension dates) for responding to Office Actions received from the Patent and Trademark Office are entered into this computer program on a daily basis. The information entered into the computerized docketing system includes the serial number and internal reference number of the application in which the response is due, the attorney(s) handling the application, and a description of the type of response due (i.e., missing parts).

Once entered into the computer, these docket entries are sorted by due date and attorney responsible for the action. They are then printed out on both a weekly and monthly basis and are distributed to the appropriate attorneys within the firm.

A copy of the Firm's computerized docket printout for the dates of **August 1-31, 2004** and **January 1-31, 2005** is submitted herewith as Appendices A and B respectively. These dates are well after the Office Action would have been received by the Firm and entered into the computerized docketing system. If, in the above-identified application, an Office Action had been received by the Firm having a mailing date of **June 14, 2004**, and having a response period of two months from the date of mailing, then the following information would have been entered in the Firm's docketing system within two months of receipt, namely, **August 14, 2004** (the first due date for a response and the time frame for which the case should have been docketed), the last due date of **January 14, 2005** (the end of the statutory period for filing a response to the Notice to File Missing Parts and the latest possible time frame for which a Response to Notice to File Missing Parts was due), the serial number and internal

THIS PAGE BLANK (USPTO)

reference number of the application, the attorney(s) handling the application, and a description of what was due (i.e., Response to Missing Parts).

Upon review of Appendices A and B, it can be seen that no entry was made in the Firm's computerized docketing system for the above-identified application (serial number 10/816,532) on the dates described above. Specifically, these entries would have been sorted under the initials of the first attorney responsible for the application. In the present case, this attorney is Anthony A. Laurentano, having the initials **AAL**. However, upon review of the tabbed pages of Appendices A and B (tabbed with red flags), containing all docket matters for the Firm for the relevant dates described above (i.e., **August 1-31, 2004 and January 1-31, 2005**), it can be seen that no docket reminder for responding to an Office in the above-identified application (USSN 10/816,532) appears on any of these pages. This indicates that a Notice to File Missing Parts dated **June 14, 2004**, issued in the above-identified application, was *never received* by the Firm.

Since the Notice to File Missing Parts was never received, Applicant respectfully requests that the Commissioner withdraw the holding of abandonment. Applicant further submits the executed Declaration, Petition and Power of Attorney and Designation of Record Attorneys with a Response to Missing Parts concurrently herewith. Applicants believe that no costs are due with regard to the filing of this petition. If fees are due, however, please charge them to our Deposit Account No. 12-0080, under Attorney Docket No. IKW-007.

If the Commissioner does not deem this petition under 37 CFR 1.181 to be persuasive, Applicant respectfully requests that this alternative Petition to Revive an Unintentionally Abandoned Application under 37 CFR 1.137(b) be considered. Applicant respectfully submits that the delay in submitting a response to the Notice to File Missing Parts was unintentional, as evidenced by the foregoing comments.

If the Commissioner deems the Petition to Revive to be more appropriate, then Applicant authorizes that payment in the amount of \$1,500 pursuant to 37 CFR

THIS PAGE BLANK (USPTO)

§1.17(m) to cover the petition fee be charged to Applicant's Deposit Account No. 12-0080. The enclosed fee and reply are deemed to be proper, as required by 37 CFR §1.137(b). Please charge any underpayments or any additional fees, or credit any overpayments associated with the petition fee to our Deposit Account No. 12-0080.

Applicant respectfully requests that the present application be reinstated, and passed to examination. A Response to Notice to File Missing Parts, including the executed Declaration, Petition and Power of Attorney, and a certified copy of two priority documents are filed concurrently herewith.

If there are any questions concerning the Petition to Withdraw the Holding of Abandonment, or the Petition to Revive, the Commissioner or a selected delegate is invited to telephone Applicant's representative at the telephone number listed below.

Respectfully submitted,

Anthony L. Laurentano, Esq.

Date Mailed: 03/15/2005

NOTICE OF ABANDONMENT UNDER 37 CFR 1.53 (f) OR (g)

The above-identified application is abandoned for failure to timely or properly reply to the Notice to File Missing Parts (Notice) mailed on 06/14/2004.

- No reply was received.

If a complete reply to the notice was previously filed by applicant within the time period set forth in the notice, applicant may request for reconsideration of the holding of abandonment within 2 months from the mailing of this notice of abandonment by filing a petition to withdraw the holding of abandonment under 37 CFR 1.181(a). No petition fee is required. The petition must be accompanied by a true copy of the originally filed reply and the item (s) identified in one of the following:

1. A properly itemized date-stamped postcard receipt (see MPEP § 503);
2. If the originally filed reply included a certificate of mailing or transmission in compliance with 37 CFR 1.8(a), a copy of the certificate of mailing or transmission and a statement in compliance with 37 CFR 1.8(b) (see MPEP §§ 512); or
3. If the reply was filed via Express Mail, a submission satisfying the requirements of 37 CFR 1.10(e) including, for example, a copy of the Express Mail mailing label showing the "date-in" (see MPEP § 513).

Any petition to withdraw the holding of abandonment should be directed to OIPE.

If applicant did not previously file a complete reply within the time period set forth in the notice, applicant may file a petition to revive the application under 37 CFR 1.137.

Under 37 CFR 1.137(a), a petition requesting the application be revived on the grounds of **UNAVOIDABLE DELAY** must be filed promptly after the applicant becomes aware of the abandonment and such petition must be accompanied by: (1) an adequate showing of the cause of unavoidable delay; (2) the required reply to the above-identified Notice; (3) the petition fee set forth in 37 CFR 1.17(i); and (4) a terminal disclaimer if required by 37 CFR 1.137(d). See MPEP § 711.03(c) and Form PTO/SB/61.

Under 37 CFR 1.137(b), a petition requesting the application be revived on the grounds of **UNINTENTIONAL DELAY** must be filed promptly after applicant becomes aware of the abandonment and such petition must be accompanied by: (1) a statement that the entire delay was unintentional; (2) the required reply to the above-identified Notice; (3) the petition fee set forth in 37 CFR 1.17(m); and (4) a terminal disclaimer if required by 37

PETITION TO EXPUNGE UNDER 37 C.F.R. §1.59(b)

Dear Sir:

Pursuant to 37 C.F.R. §1.59(b), Petitioners hereby request that the enclosed docket report (Appendices A and B) of the accompanying Petition to Withdraw Holding of Abandonment Under 37 C.F.R. §1.181) be expunged, in its entirety, from the file of the above-identified patent application upon rendering a Decision on the enclosed Petition Under 37 C.F.R. §1.181. The enclosed docket report (Appendices A and B) contains proprietary information that has not been otherwise made public. Applicant confirms that this information will be retained for the period of any patent with regard to which this information has been submitted.
